

Central Coast Amputee and Caregiver Peer Group

Networking for a Better Future

No matter what length of time you may have as an amputee, *a well-developed resource group* is a vital part of learning to overcome the daily challenges that we have in common, and discovering new paths and possibilities.

Our monthly peer group meets in a private setting. Those facing potential amputation, new and experienced amputees, and their caregivers gather to engage one another on important issues and concerns; where we share our knowledge, discover resources for assistance, and inspire new direction for one another.

***All amputees, those facing possible amputation, and
their caregivers are Welcome!***
